starter packages

Starter-Pakete 2022

The unique modularity of bott vario3 offers a whole range of versatile options for you to extend the starter packages and adapt them precisely to your requirements. Foldable workbenches with vice, long item top trays or gas cylinder restraint systems are just a few examples. Your bott service partner also has different solutions available for equipping the basic interior of your vehicle with side linings.

Mobile workshop MW1000

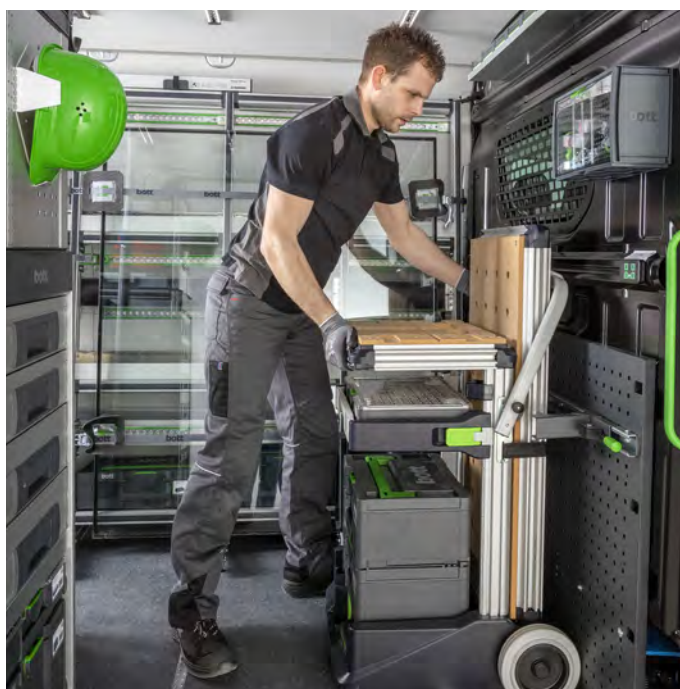

bott

Mobile workshop with pull-out drawer and multifunction table

- The ideal companion for mobile, semi-stationary work on the jobsite
- Transportation and storage of systainers, hand tools and consumables
- Easy to transport up and down steps due to large impact-resistant wheels with solid rubber tyres (diameter: 200mm)
- The adjustable handle angle, sliding surfaces and integrated base handle mean that one person can easily load the unit into a vehicle on their own.
- Effortless set-up and dismantling with compact dimensions
- Stable work surface consisting of perforated worktop with aluminium edge profile which together offer numerous flexible clamping and attachment options
- Dimensions of attached table: 1045 x 500 mm

Dimensions W x D x H [mm]	600 x 641 x 1185
Order ref.	72522042.90V
Price €	749,00

Systainer³ case system

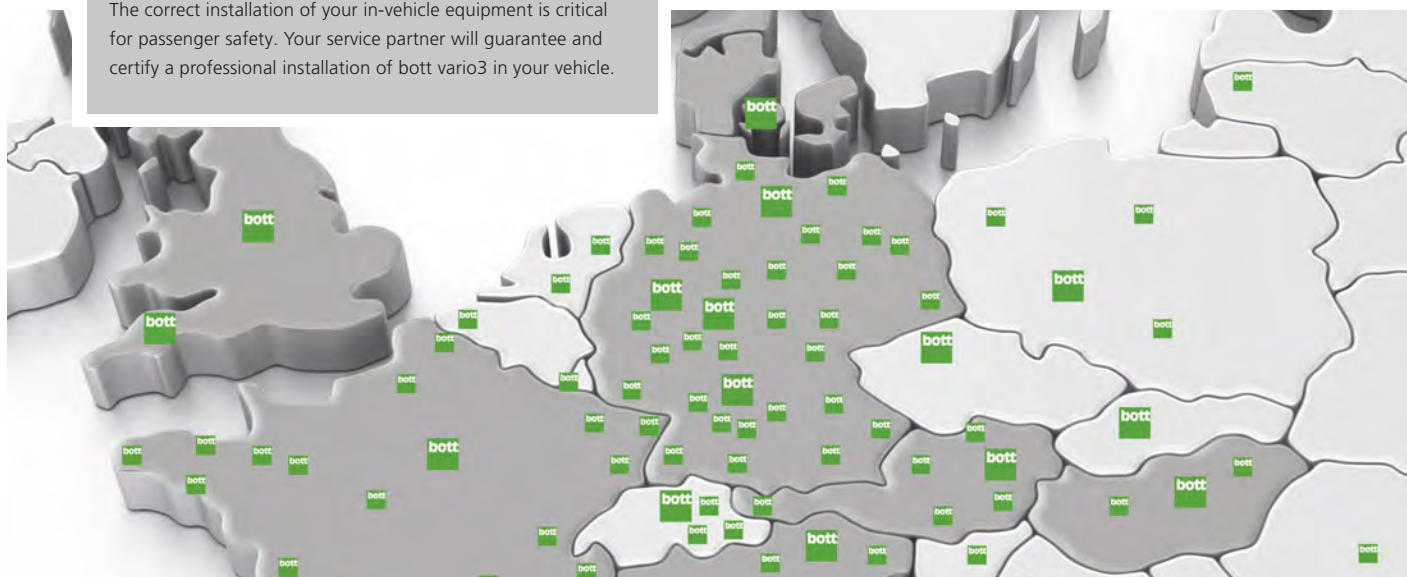

- Practical and sturdy system case for secure and tidy storage and transportation
- Simple integration into bott vario3 in-vehicle equipment and bott workshop equipment due to integrated slots for guide rails
- Multifunctional T-LOC: close, open, connect - with just one twist
- 2 integrated label holders, one either side of the carry handle (bank card format)
- Can be stacked and connected to all other systainer products

3 year warranty

The correct installation of your in-vehicle equipment is critical for passenger safety. Your service partner will guarantee and certify a professional installation of bott vario3 in your vehicle.
